In diseases of the throat and tonsils I find the Lacupia a substitute for many of the disagreeable remedies generally used in these diseases. In secondary symbilis it has no equal, being a specific and easy to take.

I have fixed your Lacupia in a case of Chronic Rheumatism, and feel satisfied that there is no better remedy to counteract this rebellious disease. I have lately had a case under treatment which buffied every remedy I tried until I gave her the Lacupia, which had a happy effect and soon relieved the pain and restored the patient to permanent health.

onite a number of hard lumps on the sides of her neck, the glands being swollen, some of which were open and discharging pas. The child was very weak and pale, lost all appetite, and was sinking rapidly. I prescribed your Lacupia and did not allow her to eat greasy food. In a short time the sores on the neck stopped discharging and were soon healed. The eyes also soon got well, and she was enabled to bear the light and see perfectly. I had told her parents to use the Lacupia even after the eyes and the sores got well, so as to purify the blood, but being poor, they stopped the Lacupia too soon, and being exposed to all kinds of privations, the disease showed symptoms of returning. Her father then bought a bottle of Suraparilla

CORRECTED WEEKLY BY MUSINESS MEN. Abscesses of the Knee Joint. 32 West Quincy St., Chicago, Ill.: Mr. K., a married man 41 years of age, a printer by trade, had chronic scrofulous abscess of the knee joint for six years. There were four openings around the joint which discharged a greenish colored matter. His face showed plainly that he was of a scrofulous diathesis. He had been under the treatment of several prominent physicians of this city, but with so good results. I tried always a medical friend to try your lacurity, and accordingly had him buy six bottom. I was advised by a medical friend to try your lacurity, and accordingly had him buy six bottom. I was already was all used the sores were all healed, and he was soon able to go to work at his old employment a well man. I have lately used it in a case of scrathlous sicer in the breast of a lady. She had been suffering with it for thirteen years. After six mouths treatment with the Lacupia, the above was placed, and she says she never felt bett where was leaded, and she says she never felt bett where was located using the source of the first manner with the Lacupia is the best remedy every discovered for all kinds of scrothious of the fifth Manufacturing Company will be held at the Company's office, on Monday, January 6, 1879, at 20 clock P. NEW ADVERTISEMENTS.

I have given your Lacupia a fair trial, as you requested me to do, and am free to say that I find it the best remedy I have ever used for cleansing and purifying the blood. I will report one remarkable case: Mrs. Joseph Koha, ged about 47 years, was troubled with a can erous tumor since April, 1873. The tumo trew very rapidly, and caused her great slarm he had been using a great many different indeed salves and internal remedies, recombined to her by her friends, but it still consider the better the bottle of Lacupia you sent me. I soon noticed that the swelling was going down and the pain leaving. She continued to use it, and I was surprised to find her well in a short time. Lacupia is certainly a great remedy for blood. I was over sixteen years affected with a disease of the scalp. The doctors called it Pityriasis. It was a constant annoyance to me, being not only confined to my head, but often spread over other parts of my head, but often spread over other parts of my head, but often spread over other parts of my head, but often spread over other parts of my head, but often appeared as though it was inflamed, and the spot was soon covered by a new trop like the first. Often a kind of scab would form, which sometimes extended down over my forchead. I tried a great many remedies for it, and went to New York and consulted a prominent physician incre. He prescribed for me, and told me the only remedy that would ever do me any good would be one that would remove the disease from my bisod. I spoke to him of your Lacupia, as I had seen it advertised. He said I should try his remedy, and if that did not cure I should try his remedy, and if that did not cure I should try the Lacupia. I used it according to the directions, and soon found that the scales were drying up and the dandraff deposit A "British Workman's" Comments. O. P. SNYDER -Fruit and Confectionery Store.
